

Operations Processes Improvement Internship

Position: Operations Intern

Employment: 100%

Place: CompPair Technologies SA, Lausanne, Switzerland

Duration: 6 months

Start date: September 2023

Overview:

CompPair Technologies Ltd. is an innovative Swiss company developing materials able to repair themselves. Made with CompPair's composite materials products, structures can heal themselves on-site in just a few minutes. We help our clients build better products, that last longer, and produce less waste.

The intern will fully integrate the operation team. She/he will review and consolidate the operational processes already in place and will have the opportunity to propose solution for the development of supply and distribution to prepare the company's growth. She/he will also contribute to the day-to-day activities of the team. Work will be realized closely with the Operations team leader.

Tasks and Contributions:

- Operational processes review and adaptation
- Propose improvements: Documentation, Visual management...
- Exchange and collaborate with our technician
- Review supply chain and distribution strategy

Competences and personal skills:

- Organized, structured, committed, hands-on and pragmatic
- Master's in engineering with a minor in logistics, quality, production, or similar
- ERP fundamentals knowledge
- Initiative to create and improve processes
- Good communication skills in French and English
- Willingness to learn and drive their own activities

We are offering a great opportunity to join and support a Swiss high-tech company from its early stage to an international level! The new team member will have an innovative and varied work, in a small, dynamic, and flexible company with a multidisciplinary work environment.

You think you have the right profile, and you want to join us on this impactful journey? [Apply here](#) or visit www.comppair.ch/careers/ for more information.

CompPair is an Equal Opportunity Employer. We are committed to creating a work environment that is fair to everyone, where all decisions related to recruitment, advancement, and retention are equal.
