

## Content Creation Marketing Internship

**Position:** Content Creation Marketing Internship  
**Employment:** 50-100% (flexible)  
**Place:** CompPair Technologies SA, Lausanne, Switzerland  
**Duration:** 2-3 months (with a possible extension until December 2023)  
**Starting Date:** June/July 2023

### Overview:

CompPair Technologies Ltd. is a Swiss company providing healable and sustainable composite solutions to improve circularity. Inspired by nature, CompPair brings an embedded healing capability to composites. The company provides materials to produce composite structures that can heal damage on site in 1 minute only; improving operational efficiency, reducing repair time, and extending the lifetime of products.

The present summer internship aims in assisting the Marketing Manager in content creation. The content will vary week by week, as well as according to your interest and capacities. The intern will integrate the business team contributing to various projects and tasks, especially photography and creative input. Join a dynamic start-up environment and work with a young team with a sustainable vision!

### What you will do:

- Taking product photos for various use
- Filming short videos, or contributing to the planning
- Content creation for documents, can include:
  - One-pagers
  - Slides
  - Brochures and booklets, promotional content for events
  - Website page design
  - Roll-ups & posters
  - Social media content (LinkedIn)

### Competences:

- French or English communication and writing skills, German is a plus
- Creativity
- A motivated self-starter
- Previous experience in content creation/photography
- Good knowledge in photo editing
- Video editing is a plus
